

# Kevin Mathews

Blacksburg, VA | (804) 664-5640 | mkevinj392@gmail.com | linkedin.com/in/kevin-mathews-b4958a295

---

## EDUCATION

**Virginia Tech**, Blacksburg, VA

B.S. in Computational Modeling and Data Analytics, Concentration in Economics | Expected May 2029 | GPA: 3.6/4.00

Relevant coursework: Software Design and Data Structures, Calculus I, Discovering CMDA, Principles of Economics

## TECHNICAL SKILLS

**Geospatial and analytical:** ArcGIS, Python, SQL, MATLAB, Jupyter Notebook, Microsoft Excel

**Programming and web:** JavaScript, Java, HTML/CSS, Google App Script

**Focus:** Geospatial data visualization, data analysis, web development, IT project management

## RELEVANT EXPERIENCE

**Researcher, University of Richmond - Richmond, VA**

Jun 2023 - Aug 2024

- Analyzed Richmond-area air-quality and energy-usage data using ArcGIS.
- Built geospatial data visualizations that informed study conclusions on regional energy patterns.

**Technology Intern, Virtual School**

Jun 2024 - Aug 2024

- Streamlined an applicant-review process using Google App Script and web-based tools across 160+ hours.

**Development Team Member, Center for Information Technology**

Feb 2023 - Aug 2024

- Developed backend and frontend components for a school English Department blog platform using JavaScript, SQL, HTML, and CSS.
- Used APIs to build and update website functionality for a client and presented deliverables directly to the client.

## GEOSPATIAL LEADERSHIP AND ACTIVITIES

- Technology Student Association State Winner - 1st Place, Geospatial Technology.
- NASA Virginia Earth and Science Scholar.
- Computer Club Officer; led sessions on data-science fundamentals using Jupyter Notebook, MATLAB, and Excel.
- Competed in data science, web development, and geospatial technology events, 2021-2024.

## ADDITIONAL EXPERIENCE

**Assistant Track Coach, Future Flyers (nonprofit)**

Mar 2024 - Aug 2024

- Organized practices alongside coaching staff and supported student-athletes at track meets; completed 50+ volunteer hours.
